

A word cloud of scientific terms, primarily related to metabolism and patient studies. The words are arranged in a circular pattern, with larger words being more prominent. The color palette includes shades of blue, green, yellow, orange, and pink. The words are as follows:

- including
- showed
- subjects
- used
- concentration
- significantly
- tissue
- cholesterol
- acids
- fatty
- results
- high
- data
- lipid
- study
- human
- two
- significant
- urinary
- associated
- found
- metabolites
- concentrations
- metabolite
- vitamin
- mass
- total
- also
- plasma
- glucose
- metabolism
- blood
- level
- group
- decreased
- identified
- low
- amino
- may
- can
- compared
- acid
- serum
- urine
- cancer
- samples
- lower
- acid,
- higher
- increased
- patients
- levels
- observed
- reported
- one
- analysis
